

EF STANDARD ENGLISH TEST

Tips for Students

1. The test may begin with difficult reading or listening questions – but don't worry!
Just move on if the questions are too hard.
2. You won't lose points for wrong answers, but try to decide on the best choice.
3. Don't spend too long on one reading or listening task – remember you have 25 minutes to complete each section and within each section, you will have multiple questions.

Good luck!
